

Potty training

- Take your puppy outside every 30 minutes

- Stay quiet while your dog finds a good spot to go

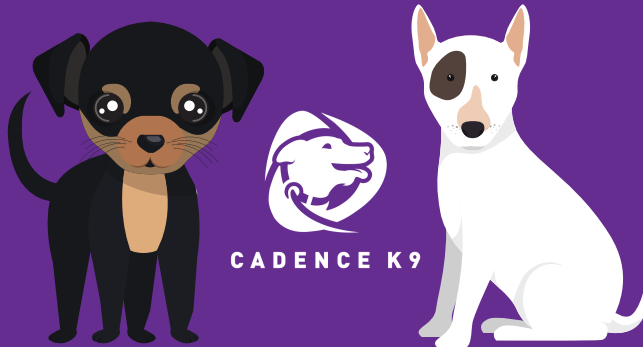

- Throw your puppy a big party once they finish pottying!

Crate Training

- Gives your puppy a safe place to rest.
- Assists with potty training
- Never let a barking puppy out of the crate. Wait for them to be calm
- The crate should never be used as a punishment

BECOMING A PUPPY PRO

Biting and Mouthing

- It is normal for puppies to explore the world with their mouths
- Redirect your puppies bites with toys that you know your dog loves
- Do not use your hands to rough house with your puppy
- Keep your dog on a leash in your house
- Treat your puppy like an adult dog.
- Do not allow your puppy to free roam in your home
- Use puppy pens and baby gates to keep your pup safe.
